

Cogent Biosciences to Participate in the LifeSci Partners Immunology and Inflammation Symposium

May 6, 2022

CAMBRIDGE, Mass. and BOULDER, Colo., May 06, 2022 (GLOBE NEWSWIRE) -- [Cogent Biosciences, Inc.](#) (Nasdaq: COGT), a biotechnology company focused on developing precision therapies for genetically defined diseases, today announced that management will participate in a fireside chat at the LifeSci Partners Immunology and Inflammation Symposium on Tuesday, May 10, 2022 at 3:30 p.m. ET.

A live audio webcast will be available through the Investors and Media section of the Cogent website at <https://investors.cogentbio.com/events>. An archived replay will be available on the Company's website for 30 days.

About Cogent Biosciences, Inc.

Cogent Biosciences is a biotechnology company focused on developing precision therapies for genetically defined diseases. The most advanced clinical program, bezuclastinib, is a selective tyrosine kinase inhibitor that is designed to potently inhibit the KIT D816V mutation as well as other mutations in KIT exon 17. KIT D816V is responsible for driving systemic mastocytosis, a serious disease caused by unchecked proliferation of mast cells. Exon 17 mutations are also found in patients with advanced gastrointestinal stromal tumors (GIST), a type of cancer with strong dependence on oncogenic KIT signaling. In addition to bezuclastinib, the Cogent Research Team is developing a portfolio of novel targeted therapies to help patients fighting serious, genetically driven diseases initially targeting FGFR2 and ErbB2. Cogent Biosciences is based in Cambridge, MA and Boulder, CO. Visit our website for more information at www.cogentbio.com. Follow Cogent Biosciences on social media: [Twitter](#) and [LinkedIn](#). Information that may be important to investors will be routinely posted on our website and Twitter.
